# EMBASSY INTERNATIONAL SCHOOL
# KRAKAW, POLAND

Embassy International School is a small private international school with a bi-lingual Polish-English stream which makes up around 40% of the overall pupil population.
The school's vision is 'to create a community of internationally minded global leaders who care about making everyone's tomorrow a better tomorrow'. The mission statement is 'humility, engagement, diligence' and all teachers discuss what these ideas mean in practice daily.

The school, established in the school year 2016/2017, is situated in central Cracow with modest grounds (a small playing field and playground) with over 50 teaching staff and around 180 pupils from aged 3 to 18 with single form entry in each year group. Class sizes are maximum 16 per year. The school offers the International Primary Curriculum from year 1 to year 6, an original year 7 to year 9 program based on the English National Curriculum and Polish Curriculum combined and extended and follows in years 10 -13 with GCSE and As/A level exams through the AQA board based in England.

School life is characterized by a high level of pupil engagement and many extracurricular activities. There are also many special events in school ranging from International Day to Sustainability-ty Week (the school is working towards becoming an eco-school), where international themes and the question of identity are discussed at length. There are weekly assemblies based on themes derived from our core values as a school: Adaptability, Communication, Co-operation, Enquiry, Morality, Resilience, Respect, Thoughtfulness.
The school has been a partner in Erasmus + with St Ursula College in Dusseldorf as a host school for their teacher training program as well as always having trainee teachers from other countries visiting and becoming part of our life.
